DIVISION MEMORANDUM

No. 42, s. 2021

MONITORING WINS PROGRAMS IN THE PANDEMIC AND ASSESS THE READINESS FOR THE SAFE RETURN TO SCHOOLS

To: **Schools Division Superintendent**
Assistant Schools Division Superintendent
Chief, Curriculum Implementation Division (CID)
Chief, School Governance Operating Division (SGOD)
District In charge
School Health and Nutrition
Division WiNs Coordinator
School Administrators
School WiNs Coordinators
Public Elementary & Secondary
This Division

1. Pursuant to Department of Education (DepEd) Order No. 194, s.2018 titled Implementing Guidelines to DepEd Order No. 10, s.2016 (Policy and Guidelines for Comprehensive Water, Sanitation and Hygiene in School) to ensure safety, health, and well-being of the school populace, DepEd issued the Guidelines on the Required Health Standards in Basic Education Offices and Schools (DepEd Order No. 14, s. 2020) and Reg. Memo. No. 96, s. 2021 to encourage the schools to comply with the standards set out in the WinS program, which is at the forefront in preventing the spread of the COVID-19 virus.
2. However, schools are currently not holding face-to-face classes, infrastructure and other mitigating measures should be in place for safe school physical reopening and operation. Monitoring through the WinS monitoring tool seems to be a challenging task for the schools as there are indicators that are not relevant to the current condition or cannot be answered due to the current situation. Though, most of the questions found in the monitoring tool, especially questions related to infrastructure, are answerable. Nevertheless, for inapplicable questions such as numbers 13,31,32,37,38,39,40,48,49,51,54,55 and 56, please respond to these questions by using the data from the previous school year.
3. Hence, the school administrators are directed to update their **WinS Monitoring System (OMS)** status by reporting their school information in the WinS Monitoring Tool within the month of March – April. District In charge and school health personnel assigned to monitor the school should affix their signatures on the School WinS Monitoring Forms (Attachment No. 1) prior to encoding in the online system.
4. In addition to WinS OMS, **Checklist to Assess the Readiness for Safe Return to School** (Attachment No. 2) shall be conducted to elementary and secondary schools in preparation of the face-to-face classes. Data are important for providing technical assistance to the schools.
