DIVISION MEMORANDUM

No. 45, s. 2023

**FIRE SAFETY ASSESSMENT OF ELECTRICAL WIRINGS IN SCHOOL
 (PHASE ONE)**

To: Assistant Schools Division Superintendent
 Chief Education Supervisors (CID and SGOD)
 Education Program Supervisors
 Public Schools District In-Charge
 Elementary and Secondary School Heads
 School DRRM Coordinators
 All Others Concerned
 This Division

1. The Department of Education (DepEd) issued the Guidelines on Strengthening the Fire Safety and Awareness Program (FSAP) which aims to establish specific roles, responsibilities, and monitoring and evaluation mechanisms for the safety and awareness program of schools launched through DepEd Order Nos. 72, s. 2012 entitled "*Continuing Fire Safety and Awareness Program (FSAP) In Schools*" and 13, s. 2013 entitled "*Reiterating the Observance of the Fire Prevention Month Through the Continuing Fire Safety and Awareness Program (FSAP)*".

2. Thus, this promotes electrical safety and improves electrical wiring that will resolve any potentially unsafe electrical situations such as exposed electrical wiring, loose or damaged plugs, switches, outlets, and switches with missing cover plates, and dim, flickering, or surging lights. With this, the schools will be able to identify and address the threat of fire to the safety of learners and personnel and the possible effects on school properties and the school community as well. It will also generate strong support and build partnerships with the Bureau of Fire and Protection (BFP) in implementing a sustainable program on the fire safety of schools.

3. The table below is the list of schools and the scheduled date for the school site inspection for the initial survey.
